

## DELEON SPRINGS.

DeLeon Springs, Nov. 3.—Mr. Pike and family have arrived and occupy the King cottage.

Mr. Bill Tedder and others killed two wild cats while on a hunt last week.

All of E. F. Barney's property except his dwelling house will be sold to the highest bidder for cash. Announcements will be made later.

Mr. H. M. Getty and family, of DeLand, visited the Springs Tuesday.

The shell road is through the hammock and will soon be through the town.

The speaking at the school house last Friday was well attended by women and children. Very few men were present. Most of our citizens are working men and could not leave their work. Those who were fortunate enough to be present say it will be a day long to be remembered. During the meeting a school improvement society was organized, with Mrs. A. N. Douglas as president, Miss E. B. Willicombe secretary.

The sad intelligence has been received of the death of Mrs. M. Jackson at her home in Parkersburg, Va. She has been a regular visitor to DeLeon every winter for the past 18 years, and will be missed by her many friends in DeLeon. Our heart-felt sympathy goes out to the orphan boy whom she leaves to fight the battle of life alone.

Mr. F. O. Rudd has returned from his annual vacation.

## A Broken Back.

That pain in your back caused by lumbago, stiff muscles or a strain is an easy thing to get rid of. Ballard's Snow Liniment cures rheumatism, lumbago, sore and stiff muscles, strains, cuts, burns, bruises, scalds and all aches and pains. You need a bottle in your house. Sold by All Druggists.

## PORT ORANGE.

Port Orange, Nov. 2.—Mr. Wilcox returned Saturday from Greenville, S. C., bringing a young friend with him. Chauncey Vass made the trip to Orlando in his car one day last week, returning the same day.

Quite a number of ladies met at Mrs. Reifersiders' Wednesday of last week to see about cleaning the weeds, etc., from our cemetery, and money enough was subscribed to have the necessary work done.

Mr. W. C. Howes has received a carload of orange boxes for the Christianity orange groves.

Mr. I. J. Wells and son bought lot 4, Blk. H, from Mrs. E. D. McLeod, and are busy improving the property.

Mrs. Eugenia Fair came up from Titusville Friday, returning Sunday.

Halloween was celebrated here Saturday evening. Our primary teacher took her little people out on parade, dressed as witches, ghosts and other costumes too numerous to mention; they made a very good and amusing showing. The young ladies had a ghost parade and all had heaps of fun. There were a few pranks played, principally wiring of gates.

Mr. F. O. Sparkman and Mr. I. J. Wells made a trip to the county seat Tuesday of last week, returning Wednesday.

Monday evening our young men treated the girls (and themselves) to a chicken pillow. The chicken, etc., was done to a turn; the evening was perfect and everybody had a good time.

Will Metz has opened a meat market in the room adjoining S. G. Martin's store. Now we have two markets; you can take your choice.

Some of our enterprising citizens have trimmed the trees along Dunlawton avenue, thereby making a great improvement.

Mr. Winn has just put down a flowing well for Mr. Appenzeller.

Mr. Winn has placed a fine water trough outside the school fence, which will be a great convenience to the thirsty wayfarer as well as a blessing to our dumb animals.

Mr. W. V. Carter, our near neighbor to the north, brought to the village a sample of his rice which measured six feet in height and numbered 24 stalks to the branch, and the heads were well filled.

## An Excellent Medicine.

This is what all say who have used St. Joseph's Liver Regulator, whether in liquid or powder form. Its action is easy, but it relieves the system of bilious accumulations, thus avoiding constipation and all kindred evils. As a family medicine it has few, if any equals—no superiors. Druggists and general dealers sell it, liquid at 50 cents a bottle; powders, in tin boxes, at 25 cents a box, five boxes for a dollar. Don't accept something else "just as good," but be sure to get St. Joseph's Liver Regulator.

## The Orange City News

Miss C. A. Babcock

Editor

Orange City, November 3.—Mrs. James Walden entertained a few friends to dinner Tuesday. It was a very pleasant affair.

Mr. and Mrs. Hood gave a Halloween party to their friends Monday evening. Mrs. Andrews as Ghost received the guests at the door. Mr. Hood represented his Satanic Majesty at the door of the infernal regions. They were all dressed to represent some one of the imps, or a gipsy fortune teller who could tell the destiny of each and every one. Miss Bessie Martin was the witch who presided over the wizard's kettle, and she stirred the contents; she was able to read the future of every person present. There was a Halloween supper served, after which the lights were extinguished and a weird light burned low in the fireplace, where they all gathered around and told ghost stories until midnight, when they departed for home, feeling that they had spent a pleasant evening.

Mr. and Mrs. Dean, of Vermont, arrived Thursday of last week. They are occupying Mr. W. Hicky's cottage on Volusia avenue. It is a double cottage and another family is expected this week.

Mr. A. J. Pierpont, of Waterbury, Conn., who bought the Bird place last year, has sent papers here showing that he has taken several premiums at "Willcott's Big Fair," on colts, horses and blooded cattle that he has on his nice farm. He and his wife will be here the first of next month to spend the winter in their new home in Orange City.

Mr. and Mrs. Joseph Clark arrived Tuesday evening from Caribou, Maine. They have a very pretty cottage on Oak avenue.

Miss Nellie Martin will come home Saturday and spend over Sunday with her people. This is the first time she has been home since she commenced her school in Seville.

Mr. Wm. Kolemian has been putting a new tin roof on Mr. Laws' store building this week. It will be a comfort to the Grahams. That is if it does not leak.

Mr. Marsh, who bought Mr. Heebner's grove, intends to put a family on the one that used to be Mr. Chamberlin's, to take care of the groves.

Mr. Percy King came over here Sunday on that excursion train to visit his two sisters.

Mr. Will Wheldon and George Seammell have been kalomining the Congregational church, and now Will is varnishing the wood work.

Miss M. Dickinson, of Chicago, returned Friday. She brought Miss Clara Peterson, of Michigan, with her.

An excursion train of eight passenger cars came over from New Smyrna Sunday morning to take the colored people to Titusville to a colored campmeeting. There was one car for white people. Charles Martin, Dr. Dickinson and Mr. Lois Leavitt and little girl, Nina, joined the party.

Dr. Dickinson has moved out of the Crenshaw cottage into the small cottage that used to be Mr. Cannons' office when he lived in Orange City. The cottage stands on Volusia avenue.

Mr. Joshua Myers is building a cement sidewalk from the street to the porch of the Crenshaw cottage. He says it is the finest walk in Orange City.

Mr. Ed Carpenter and wife returned to their home Saturday. They have spent the summer in Chicago.

No rain yet. If we do not get rain soon the orange crop will be injured badly.

Dr. Dickinson has at last succeeded in getting good water at Arawana Lodge. Mr. Haven, of DeLand, put down a well 200 feet deep and the water is fine.

Miss Frances Merriman, of Bristol, Conn., arrived at the Orange City hotel Thursday. She will spend the winter there.

## A Hair's Breath Escape.

Do you know that every time you have a cough or cold and let it run on thinking it will just cure itself you are inviting pneumonia, consumption or some other pulmonary trouble? Don't risk it. Put your lungs back in perfect health and stop that cough with Ballard's Horehound Syrup. Price 25c, 50c and \$1.00 per bottle. Sold by All Druggists.

## Pecans in Texas.

The Texas crop of pecan nuts is estimated at 200 cars, which is about one-eighth of the usual crop. About one-half the amount grown is shipped out of the State.

## NOVEMBER MEETING

## SCHOOL BOARD

The Board met Monday evening, November 1, with all members present. The minutes of last meeting were read and approved.

On recommendation of Chairman Crouch, the school at Coronado was re-established.

It was decided to rent another room and employ an additional teacher to the Ormond colored school.

The appointment of Miss Jessie Baker as assistant in the Pierson school, was confirmed by the Board.

On recommendation of the patrons, Mr. W. B. Day was appointed supervisor of the Spruce Creek school.

The Board decided to give two weeks for the Christmas holidays, the schools to close on Dec. 17 and re-open on Jan. 3. This arrangement was made so as to allow teachers, who are away from home, to visit their homes and get back in time for the meeting of the State Educational Association, which is to convene in DeLand Dec. 28-31. All of our county teachers should arrange to be present at this meeting, as we are, in a sense, the hosts of the visiting members, and we should do all we can to give them a cordial and general welcome from the entire county.

The regular routine business was then attended to and the following financial statement approved:

Bal. last report	\$ 6841.32
Receipts for month	271.64
Warrants outstanding this date	158.25
Total	10221.71

Warrants outstanding last report	\$ 7.00
Warrants issued this month	1303.70
Balance on hand this date	\$ 911.01
Total	10221.71

The Board then adjourned to meet December 6.

A. O. Bqrrs, Supt.

## Mrs. I. A. Stewart Entertains.

Mrs. I. A. Stewart entertained the W. C. T. U. last Thursday at her home on West New York avenue. Thirty members were in attendance. The program was in charge of Mrs. Brockaw. The subjects discussed were "Hereditry" and "The White Slave Traffic." Seven new members were enrolled, giving the DeLand union now 98 members. An effort will be made to secure 100 members before the annual meeting at Plant City, which it is thought will give DeLand the banner for membership. The hostess served dainty refreshments, and a most pleasant afternoon was enjoyed.

Man, like the fire, is apt to torment women by going out at night.

## Five Years

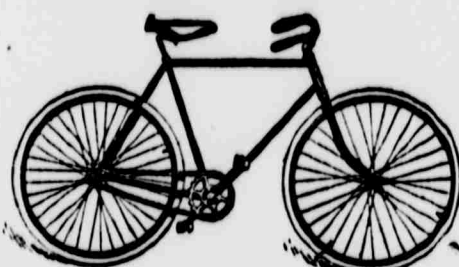

of Heart Trouble Cured by Dr. Miles' Heart Remedy

"Before I began taking Dr. Miles' Heart Remedy I had been suffering from heart trouble for over five years. I had pains in my left side, and under my shoulder blade, could not sleep on the left side, and was so short of breath the least exertion would bring on the most distressing palpitation. I had scarcely taken a half bottle of the Heart Remedy before I could see a marked change in my condition. When I had taken six bottles I was cured."

MRS. C. C. GORKEY,  
Northfield, Va.

If there is fluttering or palpitation it is an indication of a weakness of the nerves and muscles of the heart. It is not necessarily diseased—just weak from over-work. The heart may be weak just the same as the eyes, stomach or other organs. You can make a weak heart strong by taking Dr. Miles' Heart Remedy. Get a bottle from your druggist, take it according to directions, and if it does not benefit he will return your money.

## Weak Women

frequently suffer great pain and misery during the change of life. It is at this time that the beneficial effect of taking Cardui is most appreciated, by those who find that it relieves their distress.

TAKE **CARDUI**

It Will Help You

Mrs. Lucinda C. Hill, of Freeland, O., writes: "Before I began to take Cardui, I suffered so badly I was afraid to lie down at night. After I began to take it I felt better in a week. Now my pains have gone. I can sleep like a girl of 16 and the change of life has nearly left me." Try Cardui.

## John B. Stetson University

A SCHOOL FOR ALL DENOMINATIONS

COLLEGE OF LIBERAL ARTS.—English Language and Literature; Latin, Greek, German, French, Spanish, Mathematics, Chemistry, Physics, Mechanics, Arts, History, Philosophy, Pedagogy, Political Economy, Biology, Geology, Physical Culture, Etc. In 1897, Stetson adopted the same requirements for admission and graduation that were held by the University of Chicago, and the two were affiliated.

COLLEGE OF LAW.—Always strong. This College will be further strengthened in the Fall of 1908 by increasing the teaching force and by offering a two years' and a three years' course of study.

COLLEGE OF TECHNOLOGY.—Civil, Electrical, Mechanical and Chemical Engineering courses leading to degrees.

COLLEGE FOR TEACHERS.—A College course for teachers leading to a degree; a NORMAL SCHOOL for Florida school teachers; model schools in all the grades of the Public School, special emphasis being put on the 7th and 8th grades; Kindergarten training school in separate building.

THE ACADEMY.—Classical, Latin, Scientific and Scientific courses in preparation for College. Stetson is especially strong in this work. Its students have gone to Harvard, Yale, Princeton, Cornell, Michigan and Chicago.

BUSINESS COLLEGE.—Banking in all of its branches. Bookkeeping by best methods. Shorthand and typewriting. Elective courses open in other Departments. Large Faculty and commodious building.

SCHOOL OF MECHANIC ARTS.—Woodworking, Iron Working and Manual Training.

SCHOOL OF FINE ARTS.—Drawing in Charcoal and Ink; Painting in Oil, Water Color and Pastel. New Studio, Costly Casts, Models, Etc.

SCHOOL OF MUSIC.—A \$10,000.00 pipe organ, 25 pianos, separate building, large faculty, thorough courses; opportunities of hearing oratorios.

Stetson has a faculty of 48 professors and teachers. They hold degrees from the University of Chicago, Harvard, Yale, Columbia, Toronto, Wake Forest, Louisville, Bowdoin, Utrecht, Bucknell, University of Michigan, Denison, Arkansas, Kalamazoo, Baltimore and other Institutions. There are over \$400,000.00 in buildings and equipment; nearly a quarter million dollar endowment; an endowed library of over 13,000 volumes; a beautiful chapel with costly furnishings, including stained glass windows, 7 oil paintings, a \$10,000.00 pipe organ; a Gymnasium with complete apparatus; an enclosed Athletic Field running track, tennis courts, baseball diamond and gridiron, besides swimming pool, rowing and other sports, separate buildings for men and women; ten large laboratories for Chemistry, Physics, Bacteriology, Mineralogy and Biology; several large museums and shops; electric lights, electric bells, steam heat, cement walks, shell roads, broad avenues, spacious campus, shrubbery and trees; social, literary, musical and other students' clubs; star lecture courses; Christian and no sectarian teaching. The location is beautiful and healthful, and the expenses are low.

LINCOLN HULLEY, Ph.D., Litt.D., LL.D.

DeLand, Florida.
